LETTER OF RECOMENDATION

Oct. 14, 2026

To whom it may concern:

I'm writing to recommend the hiring of Mason Stanke.

Beginning in April 2026, Mason joined the Administration Department with the City of Faribault as a Community Engagement and Event Specialist. In her role, she was tasked with building on the City of Faribault's community engagement efforts. During her time, she represented the City well at the various community gatherings, including Evenings in the Park, Residents Academy, Safe Summer Kickoff, and many more.

During these events, she positively interacted with countless community members, sharing updates on City initiatives and ongoing projects, while also providing back-end logistical support to ensure the events were conducted seamlessly.

Mason also provided the City with an increased social media presence, humanizing the roles of government employees and providing the Faribault community with a better understanding of local government operations.

While Mason brought with her a keen understanding of effective social media strategies and how to shape content to fare favorably with the ever-changing algorithms, she took this experience to new heights by consistently delivering highly informative and engaging content that allowed the community to better understand the critical services local government provides.

What stands out most about Mason is her ability to simplify difficult-to-follow processes to provide a better outcome for the customer. Her community- and customer-first mindset consistently resulted in effective outcomes for many of the City's departments.

As a creative and passionate communicator, she would be a highly productive addition to your organization.

With gratitude,

Brad Phenow
Communications Manager
