

Our Mission Statement

The mission of the Faribault Police Department Peer Support Team is to recognize that we are human beings who experience events in our personal and professional lives that can be challenging to navigate alone.

We believe that the physical and mental well-being of our partners is essential!

Being physically and mentally healthy will help us to provide the best service to our community and to remain engaged with our families at home.

- ✓ When we face physical or mental health issues, it is our duty – and our honor – to help you navigate these challenges.
- ✓ The shared experiences of peers foster the initial trust and credibility necessary for developing relationships.
- ✓ Peer-to-peer programs serve as a “bridge” to connecting our colleagues to professional support services.
- ✓ We know that talking through issues early leads to better outcomes. Let's connect to find the best path forward.

PEER SUPPORT

Our Team Members

The Faribault Police Department Peer Support Members are trained and well-equipped to walk alongside you as you navigate your situation.

In law enforcement, we sometimes put up walls to deal with the stresses of our job. We want peer support to help you realize you're not alone behind those walls.

- ✔ Prepared to help you cope following difficult calls or critical incidents.
- ✔ Positioned to help you navigate personal and emotional difficulties.
- ✔ A safe and confidential avenue for support outside of the medical field.

Why We Exist

Law Enforcement officers provide critical services to their local communities every single day. When their well-being is prioritized, they are better equipped to serve their communities effectively, providing high-quality services and care.

Our job is to ensure our officers have access to like-minded individuals who can offer a sense of belonging, emotional encouragement, coping skills, and an avenue to professional support.

Build Empathy

We can empathize with your experiences, because we've experienced them, too.

Non-Judgmental

We provide a safe, non-judgmental space for individuals to share their experiences without fear or shame.

Improve Coping Skills

Statistics show that peer support has a substantial impact on improving coping skills and your overall mental health.

Accessible

We give officers an accessible and cost-effective path toward receiving professional help, if appropriate.

Peer Support Professional Resources

Our Peer Support Program is not a substitute for the services of mental health professionals. It must be established and understood that peer supporters augment the services of clinician but do not replace them. When and where appropriate, our Peer Support Members can recommend the following professional services.

Employee Assistance Program

1-800-550-6248

National Suicide Prevention Hotline

1-800-273-8255

Mobile Crisis Line

1-877-339-3040
